#### Introduction:

It is rightly said that the goal without plan is just a wish and it brings nothing constructive in our lives. Unfortunately we do not have magic trick with which we may fulfill our wishes or aspirations. Therefore, without planning, hard work, consistency, patience and proper guidance nothing can be achieved in life. In this postmodern era different avenues are available where youth can test their potential and make successful career. But the craze and attraction of the competitive examinations and different job opportunities available through this has unique significance. Mostly, our rural or semi urban students have strong desire and skills for appearing different examinations in different arenas but they lag behind due to proper guidance. Therefore, by taking into account this significant need, we have decided to organize one webinar for our UG and PG students focusing on different competitive examinations, their structure, syllabus and all requisite information.
