Resource Person:

CSIR Net Life Science Exam is considered as one of the most challenging exams, which aids in chalking your career towards lavishly paid jobs of Junior Research Fellows or Assistant Professors. Thus to qualify for this exam, your preparation must be smart, practical, and systematic. Today, the article deals with the tips that aspirants can adhere to for cracking CSIR Net Life Science Examination.

Tips To Crack Life Science Examination

The notes that you make while you prepare for the exam are essential. Thus for the theory portion, you should create small diagrams or flowcharts for learning things in a short span. The same should be made only after you have revised the subject thoroughly.

Prepare a separate book of formulas for numerical questions, write each formula, and revise it regularly. Don't forget to highlight and put extra effort in changing those formulas used frequently in the numerical.

Always give preference for making short notes on topics with high weightage or frequently asked in the last few years.

Summary of the Webinar:

A webinar on Strategies to crack Competitive Exams in life Science was conducted at Adarsh Mahavidyalaya, Omerga, Dist. Osmanabad, MS and Institute of advanced studies ,pune on 19/12/2021 at 12:30 pm. The webinar was organized by Internal Quality Assurance Cell, Adarsh Mahavidyalaya, Omerga, Dist. Osmanabad, MS. The webinar was delivered through google meet application and more than 140 participants in the webinar through online mode. The resource person of the webinar spoke about the topic, ““Strategies to crack Competitive Exams in life Science”. His lecture started with an introduction to life sciences and covered across the different topics related to life science.

How to prepare for CSIR Life Science? - The one thing that helps to qualify the CSIR is good preparation and command over the subject. Candidates aiming to crack the CSIR UGC NET examination need to focus on the life sciences section of CSIR UGC NET syllabus. In order to prepare better candidates must focus on the latest exam pattern and syllabus of CSIR. Candidates are advised to follow the latest preparation tips of CSIR UGC to prepare better for the life sciences section. The life sciences section mainly consists of important chapters on the different topics of Zoology.

In particular, the relevant topics in the life sciences portion of the CSIR UGC NET 2023 exam must be studied. Applicants may examine their weaker regions and stronger areas after going through a comprehensive syllabus and topics of the life sciences section. The study strategy can be planned according to the subjects on which they need to concentrate more. Basically, the entire Life Science syllabus is divided into 13 sections and each part contributes equally to the exam.

How to Prepare for CSIR NET life sciences Section: Preparation Strategy

As per the exam pattern, candidates appearing for CSIR UGC NET 2023 examination must prepare well for the life sciences section of CSIR UGC NET. There will be 15 questions in both the life sciences I and life sciences II papers. Aspirants can check the strategy to qualify in this section.

Go through the detailed syllabus and exam pattern: Knowing the exam pattern and syllabus is important for candidates who are preparing for CSIR UGC NET 2023. Along with the syllabus, candidates must also familiarize themselves with the CSIR UGC NET exam pattern 2023 to know how the exam will be conducted, what kind of questions will be asked in the exam and more such details.

Practice Previous year CSIR UGC NET Question Papers: Solving question papers can assist the learners in the review to gain more precision. Candidates will get more ideas about the pattern of the exam and how the test will pose questions. Solving the question paper will assist the students to learn about the extent of preparation. Time Management and Strategy for Exam: For CSIR UGC NET exam learners, another useful advice is to have a clear strategy on how to try the exam. First of all, candidates must figure out the topics and problems they need to try first, assign time to different sections, and other important aspects of the exam. That will improve the time management of the candidate.

Outcome of the Webinar:

The Webinar was highly informative and comprehensive for the students, teachers, research scholars and academicians. More than 140 participants have enjoyed this academic feast and got benefited by the Life science knowledge of Competitive examination. Teachers and students from other Departments, are participated in the webinar.
